

Diversity, Equity and Inclusion in your Teaching

Week 8

Sense of Belonging: Anonymous survey

- 2 question survey: <https://forms.gle/jhq5t7fMuF4meVKQ6>

From CSE 8A...

Have you ever felt/been made to feel that you don't belong in CS or in this class because of the way you look, how you act, your background, your values, your gender, your race, your culture, your ability or any other personal characteristic?

It's not always imaginary

" 'Maybe you just weren't meant to be there,' she said. 'Maybe we should have sent you to a junior college first.' "

Women do worse when reminded of the stereotype before taking the test!

Stereotype Threat

Spencer, Steele & Quinn. Stereotype Threat and Women's Math Performance. *Journal of Experimental Social Psychology* 35, 4–28 (1999)

Play the Teaching Practices Game

- In groups of ~4, play the Teaching Practices Game, **Round 2 cards only**

Building an Inclusive Classroom

Discuss situations with students that you felt like non-academic factors were getting in the way of a students' success.

Brainstorm actions you can take (as a tutor) to help build an inclusive classroom in YOUR class. Tie some to specific situations you've encountered.

Looking ahead

- Week 9 Assignment posted on gradescope and Canvas
- NO CLASS next week. Look for Week 10's assignment on Canvas and Gradescope by next Wednesday.
